Quality of Educational Vs Quality of a Nation

The famous quote of Nelson Mandela is displayed at the entrance of the University of South Africa which is known as UNISA. It is the largest university system in South Africa by enrollment and it attracts a third of all higher education students in South Africa. UNISA, started in the year 1873, there are more than 420000 students from 130 countries.

Dear Students, Let the words of Nelson Mandela written at the entrance of UNISA be resounding at the threshold of the educational goals and life missions. Best wishes!
