# CAREER GUIDANCE SESSION

**The Department**  
The Department of Mathematics was started in the year 2017 with UG programme in Mathematics. One of the main tasks of the Department is to attract the students to the world of Mathematics through extra curricular activities, that can create interest and enthusiasm among the students.

**Career & higher education**  
What is after graduation? Here is the answer. The Department of Mathematics is organising an awareness programme on the various possibilities of career and education. It is an opportunity for the students to have a reflection on their ambitions, interests and abilities. The session helps to understand the career opportunities and education system available in and out of the country. In the scenario of the scientific and technological developments in the society, students need to plan about career and higher education to have a secure and self dependent life in future.
