About The Programme
This field trip to the Kerala School of Mathematics, Kozhikode is organized to provide students with an enriching academic experience beyond the classroom. The programme highlights the historic and cultural significance of mathematics in Kerala, especially through the Indian Knowledge System (IKS), which reflects India's indigenous contributions to science and mathematics. Students will get an opportunity to learn about the legacy of the Kerala School of Astronomy and Mathematics, explore the serene research environment, and interact with eminent scholars.

The Department of Mathematics organised Field visit on 18/08/2025.
